Shoot Day Plan: Move by Morelli

There will be no shoot schedule, and you can drop by anytime during rehearsal day. The Andrews Artistry Team will have 2 photo sets to mitigate wait time this year! Both will include a white backdrop. Color-changing options are available if you email us. Both print and digital files will be available for purchase this year and galleries will be available until December!

If you do not want to do your shoot during rehearsal, you also have the option to book a mini-session at our Lakewood location. Complete the form in the QR code to find out more about this option.
